Estimated Unaudited September Returns

The following information is being provided to investors in the private investment funds that Och-Ziff Capital Management Group LLC (the “Company”) manages with respect to the estimated performance of the Company’s most significant master funds for the month ended September 30, 2008. The following information is not necessarily indicative of the Company’s anticipated financial results.

<u>Fund</u>	<u>September 2008 Performance Estimate (1)(2)</u>	<u>Year-to-Date Performance Estimate (2)(3)</u>
OZ Master Fund, Ltd.	-5.35%	-5.74%
OZ Europe Master Fund, Ltd.	-7.30%	-8.51%
OZ Asia Master Fund, Ltd.	-7.56%	-16.90%
OZ Global Special Investments Master Fund, L.P.	-2.63%	-2.89%

- (1) Monthly performance data are based on management’s estimates as of the date hereof for performance of the referenced funds from September 1, 2008 to September 30, 2008. Such data may change upon completion of the Company’s month-end valuation procedures. Such changes could be material.
- (2) Reflects a composite of the monthly and year-to-date return for the feeder funds comprising each master fund and is presented on a total return basis, net of all fees and expenses of the relevant fund (except incentive income earned on certain unrealized private investments that could reduce returns on these investments at the time of realization) and includes the reinvestment of all dividends and income. Includes realized and unrealized gains and losses attributable to certain private and initial public offering investments that are not allocated to all investors in the funds. Investors that do not participate in such investments or that pay different fees may experience materially different returns.
- (3) Year-to-date performance data are based on management’s estimates as of the date hereof for performance of the referenced funds from January 1, 2008 to September 30, 2008. Such data may change upon completion of the Company’s month-end valuation procedures and the changes could be material. Furthermore, the year-to-date estimates may differ materially from actual year-end results due to risks and uncertainties related to general economic conditions and more particular factors relating to the investments in the Company’s funds.

Estimated Unaudited Assets Under Management

In addition, the Company is disclosing to investors in the private investment funds that it manages that, as of October 1, 2008, the estimated unaudited amount of assets under management (“AUM”) was approximately \$30.5 billion, which reflects a net decrease in AUM of approximately \$2.6 billion. The decrease in AUM is inclusive of performance for the month ended September 30, 2008 and capital flows as of October 1, 2008.
